Empty Canisters Return Form

Canisters must be returned and pallet must be filled.

Canisters must be securely fastened to pallet.

Form below must be filled out completely and returned via email to: support@forzabuilt.com.

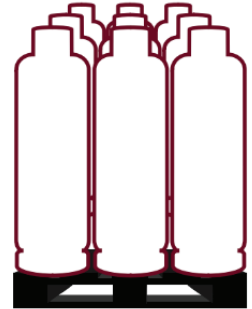

Failure to meet full pallet requirement will result in shipping charges.

Failure to return empty canisters may result in a core fee being assessed.

After receiving email from Forza containing Bill of Lading and RMA docs, Requester is responsible to attach RMA document securely to pallet and hand over the BOL to driver picking up the pallet.

Thank you for your help and cooperation.

Example:

9 Intermediate/108L Canisters Per Pallet*
*Each pallet must have 9 canisters on it in order to process return.
